Report on Commemorative days – Independence day 2023

As a part of the course "French Through Creative Activities", a one-hour classroom session was conducted on 'Jeu d'abécédaire' on the theme of Independence Day to commemorate India's Independence Day 2023. The session was conducted with the SYBA students of the discipline of French and Francophone Studies by Ms. Shourya Dalvi on 14<sup>th</sup> August 2023. A total of 7 students participated in the activity.

The activity was a game, wherein the students had to collaboratively frame sentences and expressions centred around the theme of Independence Day. Every sentence had to begin in the alphabetical order i.e A to Z, thus framing a total of 26 sentences. The objective of this activity was to commemorate the spirit of independence through a creative activity in French. The activity not only enabled the students to express what independence means to them and their memories associated with the celebration of Independence Day, but also improve their language and through the restraint of the alphabetical order following the literary movement of OuLiPo.
